

**6** String 1 seed bead, 1 crystal (bead 11), 1 seed bead, 1 crystal (bead 12), and 1 seed bead. Pass through bead 10 (Figure 4). Weave through the beads to exit at bead 12.

**7** String 1 seed bead, 1 crystal (bead 13), 1 seed bead, 1 crystal (bead 14), and 1 seed bead. Pass through bead 12, the next seed bead, and bead 13 (Figure 4).

**8** String 1 seed bead, 1 crystal (bead 15), and 1 seed bead. Pass through bead 9. String 1 seed bead and pass through bead 13 (Figure 4). Pass through the first seed bead added in this step and bead 15 to create the fourth petal of the last flower.

**9** String 1 seed bead, 1 crystal (bead 16), 1 seed bead, 1 crystal (bead 17), and 1 seed bead. Pass through bead 15, the next seed bead, and bead 16 (Figure 4).

**10** String 1 seed bead, 1 crystal (bead 18), and 1 seed bead. Pass through bead 6. String 1 seed bead and pass through bead 16 (Figure 4). Pass through the first seed bead added in this step and bead 18.

**11** Exiting from bead 18, string 3 seed beads. Pass through the next crystal and adjacent seed bead on the perimeter of the dome. String 1 seed bead and pass through the next seed bead and crystal on the perimeter of the dome. Repeat this step twice around the dome (Figure 4). Weave through all the beads again to reinforce. Pass through a set of three seed beads on the perimeter.

**12** Create a band by stringing the number of seed beads required to fit your finger. The number of beads should be a multiple of 3, plus 1 (e.g., 31, 34, 37, etc.).

**13** Pass through the 3 matching seed beads on the opposite side of the dome. String 3 seed beads and pass through the fourth-to-last bead strung in Step 12. String 2 seed beads, skip 2 beads on the band, and pass through the next. Continue stringing 2 beads and skipping 2 beads until there are 3 beads left on the band. String 3 seed beads and pass through the set of 3 seed beads you last passed through in Step 11. Weave through all the beads on the band twice more to reinforce. Secure your thread and trim.
