Lace Everywhere

I see lace everywhere I look. When I lived in Norman, Texas, I went on an arranged bus trip to Southern Methodist University's Meadows Museum to look at art. I can't paint anything, I'm completely unartistic. But when we came to this painting, I hung back from the group to take notes on the petticoat lace. I wrote out the instructions at home later.

The painting is *Girl Removing Her Garter* by Antonio Maria Esquivel, 1842. The petticoat has bobbin lace of which the following is a knitted version.
